

Nitrogen (N₂) plants

FEATURES

Skid mounted

Production of liquid and gas through cryogenic process using tray or packing technologies.

CAPACITY

- Nitrogen: from 90 Nm³/h to 12.000 Nm³/h

PURITY

- < 1 ppm (O₂)

Engineered Nitrogen plants

End user: Qatar, 2002

APPLICATIONS

- Chemical
- Fertilizer
- Natural gas
- Petrochemical
- Refinery

INSTALLATION SITES

- Middle East
- North Africa
- Asia
